There are worse crimes than **BURNING** books.
One of them is not reading them.

-Joseph Brodsky

People can lose their lives in libraries. They ought to be
WARNED

-Saul Bellows

9. Stationary

Stationary and library material make an unhappy marriage

A fold of paper or cotton tape can replace most stationary

tape oozes its adhesive and discolours paper permanently

pins and paper clips rust and damage paper

Rubberbands at work

degraded rubberbands can stain library material permanently

String cuts

library material should not be held while holding a writing implement

(To be continued in the next issue)

Handling Library Material (part 4)

8. Note taking

Make notes on paper laid on the surface of the table- not on paper place on an open or closed book

Avoid direct contact with the surface of manuscripts – use a slip of paper to follow the text

I hereby undertake not to remove from the library, or to mark, deface, or injure in anyway...

Replacing torn out pages is a lengthy and extremely costly process

(Continued on page 11)

70TH ANNIVERSARY BOOKMARKS

Happy Anniversary!
